Arizona Tax Credit

One of the best kept secrets in Arizona is the Arizona School Tax Credit! With this tax credit you can donate up to \$200 for individuals or \$400 for married couples filing a joint return. This donation is a tax credit, not a deduction. This does not cost you anything! This is one of the few times that **you** get to decide what happens to **your** tax dollars!

What is the catch? This seems too good to be true? If it really worked like this, wouldn't everyone do it?
There is no catch! This is very good, and true! Everyone should do this! You don't even have to have a student at our school to donate. You can maximize your influence by having grandparents, uncles, aunts, cousins, friends, co-workers, and really anyone, contribute to the school.

What are these funds used for? These donations are used to support extracurricular school activities. Things like athletics, field trips, fine arts (band, choir, orchestra, drama), visual arts (painting, drawing, sculpture) science, computer and library clubs, etc.

Please detach the section below and return to Legacy Traditional School
